+ radio

Ferguson Digital DAB+100 radio is a device that feels ideal in the kitchen, in the nursery or office. Interesting shape, unique materials and practical service make this model perfect for any home. Ferguson Digital DAB+100 supports the latest digital radio stations as well as traditional FM channels. Ferguson Digital DAB 100 includes among others:

- RDS (Radio Data System) - on-screen display for additional information from the broadcaster (track titles, album names and so on)
- Practical LCD display with backlight
- Programable switch-off time (useful for evening listening to the music)
- Programable radio alarm clock
- Integrated USB and SD Card slots
- Playback of MP3 files (with support for ID3 tags)
